Case No. 2020COEL000010

**VERIFIED COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF**

Plaintiff/Petitioner, KAREN A. YARBROUGH, Cook County Clerk (the "Clerk"), by KIMBERLY FOXX, Cook County State's Attorney, through her Assistant State's Attorney, Marie D. Spicuzza, pursuant to the Illinois Code of Civil Procedure 735 ILCS 5/11-101 et seq. and 735 ILCS 2- 701, and the Illinois Election Code, 10 ILCS 5/1 -1 et seq., seeks declaratory and injunctive relief in relation to balloting procedures for residents of Nursing Homes and Long-Term Care facilities in Cook County, Illinois. In support of this Complaint it is stated as follows:

1. Jurisdiction of this Court is invoked pursuant to Section 11-101 et seq. and Section 2 - 701 of the Illinois Code of Civil Procedure, as well as the Illinois Election Code. Specifically, this Complaint seeks to change of procedures for residents of Nursing Homes and Long-Term Care Facilities for voting for the March 17, 2020 Presidential Primary Election.

2. Pursuant to Section 6 5/1 - 3 (8) of the Election Code, the Cook County Clerk is the election authority having charge of conducting all elections in Cook County outside the boundaries of the City of Chicago.

3. Pursuant to 10 ILCS 5/19 – 12.2, the Clerk was scheduled to conduct voting in nursing homes and long-term care facilities for residents of those facilities between the Friday and Monday prior to the election date (March 12 – 16, 2020). The Clerk had previously scheduled Nursing home voting to take place on the premises of approximately 115 nursing homes and long-term care facilities on Friday, March 13, 2020 in suburban Cook County. A list of these facilities is attached hereto as Exhibit A.

4. On March 9, 2020, the Hon. JB Pritzker, Governor of the State of Illinois, issued a Disaster Proclamation as a result of the rapid spread of the Covid 19 (Corona) virus. The Disaster Proclamation proclaimed that Covid 19 virus constitutes a “public health emergency under Section 4 of the Illinois Emergency Management Agency Act”. It further proclaimed that the virus presents “known health risks for older adults and people who have severe chronic medical conditions” (Exhibit B attached)

5. The Governor’s Office further advised the conduct of elections and polling in places which are nursing homes or senior care facilities should be discouraged as a result of the known health risks associated with the populations residing in such facilities.

6. Pursuant to 10 ILCS 5/19 – 12.2, the Clerk had previously scheduled on-site nursing home voting to take place in these approximately 115 facilities on Friday, March 13, 2020. As a result of this Public Health Emergency, numerous nursing homes and long-term care facilities have contacted the office of the Clerk and informed the Clerk that they cannot accommodate on-site voting, due to the risk of having election judges, poll watchers and other persons, having contact with the vulnerable populations who reside in these facilities.

7. As a result of the Public Health Emergency, and for the safety of residents of these facilities, the Clerk requests that this Honorable Court enter an order allowing the Clerk to

supply ballots to residents of these facilities who have requested ballots for the March 17, 2020 Presidential Primary rather than conduct on premises voting at these facilities.

8. The Clerk will deliver ballots to each of these facilities through its authorized agents to the administrator of the facility. The administrator of the facility will be instructed to provide these ballots to the voters who have requested them. The voter will be allowed to vote on the ballot and will be provided a postage-paid return envelope to mail the ballot back to the Clerk. The administrator of the facility will be advised to sign a certification that the ballot was provided to the resident that the resident was allowed to vote the ballot in private, that upon completion of the voting, the ballot was sealed in the return envelope and mailed to the Clerk. In the event that the voter requested assistance, the normal certification of assistance to a voter would be completed by the person chosen by the voter to assist them and this certification would be returned along with the ballot in the postage-paid envelope.

9. The Plaintiff/Petitioner herein, and the voters of the affected facilities, will have no adequate remedy of law to preserve their rights to vote and the integrity of the election process, and there is no legal remedy which will adequately provide voters their right to cast their ballot.

WHEREFORE, Plaintiff/Petitioner prays that the Court enter an order declaring the due to the Public Health Emergency, the alternative balloting procedures set forth in this pleading may be employed by the Cook County Clerk to allow residents of nursing homes and long-term care facilities to cast ballots as requested, and order that the ballots be distributed and certifications provided by the administrators of the facilities as set forth herein, and for such other relief as this Court deems appropriate for the March 17, 2020 Presidential Primary Election.

Respectfully submitted,

KIMBERLY M. FOXX  
State's Attorney of Cook County

## **GUBERNATORIAL DISASTER PROCLAMATION**

**WHEREAS**, in late 2019, a new and significant outbreak of Coronavirus Disease 2019 (COVID-19) emerged in China; and,

**WHEREAS**, COVID-19 is a novel severe acute respiratory illness that can spread among people through respiratory transmissions and present with symptoms similar to those of influenza; and,

**WHEREAS**, certain populations are at higher risk of experiencing more severe illness as a result of COVID-19, including older adults and people who have serious chronic medical conditions such as heart disease, diabetes, or lung disease; and,

**WHEREAS**, we are continuing our efforts to prepare for any eventuality given that this is a novel illness and given the known health risks it poses for the elderly and those with serious chronic medical conditions; and,

**WHEREAS**, the World Health Organization declared COVID-19 a Public Health Emergency of International Concern on January 30, 2020, and the United States Secretary of Health and Human Services declared that COVID-19 presents a public health emergency on January 27, 2020; and,

**WHEREAS**, the World Health Organization has reported 109,578 confirmed cases of COVID-19 and 3,809 deaths attributable to COVID-19 globally as of March 9, 2020; and,

**WHEREAS**, in response to the recent COVID-19 outbreaks in China, Iran, Italy and South Korea, the Centers for Disease Control and Prevention ("CDC") has deemed it necessary to prohibit or restrict non-essential travel to or from those countries; and,

**WHEREAS**, the CDC has advised older travelers and those with chronic medical conditions to avoid nonessential travel, and has advised all travelers to exercise enhanced precautions; and,

**WHEREAS**, the CDC currently recommends community preparedness and everyday prevention measures be taken by all individuals and families in the United States, including voluntary home isolation when individuals are sick with respiratory symptoms, covering coughs and sneezes with a tissue, washing hands often with soap and water for at least 20 seconds, use of alcohol-based hand sanitizers with at least 60% alcohol if soap and water are not readily available, and routinely cleaning frequently touched surfaces and objects to increase community resilience and readiness for responding to an outbreak; and,

**WHEREAS**, a vaccine or drug is currently not available for COVID-19; and,

**WHEREAS**, in communities with confirmed COVID-19 cases, the CDC currently recommends mitigation measures, including staying at home when sick, when a household

member is sick with respiratory disease symptoms or when instructed to do so by public health officials or a health care provider and keeping away from others who are sick; and,

**WHEREAS**, despite efforts to contain COVID-19, the World Health Organization and the CDC indicate that it is expected to spread; and,

**WHEREAS**, there are currently 11 confirmed cases of COVID-19 and an additional 260 persons under investigation in Illinois; and,

**WHEREAS**, one of the confirmed cases of COVID-19 in Illinois has not been linked to any travel activity or to an already-confirmed COVID-19 case, which indicates community transmission in Illinois; and,

**WHEREAS**, based on the foregoing, the circumstances surrounding COVID-19 constitute a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

**WHEREAS**, it is the policy of the State of Illinois that the State will be prepared to address any disasters and, therefore, it is necessary and appropriate to make additional State resources available to ensure that the effects of COVID-19 are mitigated and minimized and that residents and visitors in the State remain safe and secure; and,

**WHEREAS**, this proclamation will assist Illinois agencies in coordinating State and Federal resources, including the Strategic National Stockpile of medicines and protective equipment, to support local governments in preparation for any action that may be necessary related to the potential impact of COVID-19 in the State of Illinois; and,

**WHEREAS**, these conditions provide legal justification under Section 7 of the Illinois Emergency Management Agency Act for the issuance of a proclamation of disaster;

**NOW, THEREFORE**, in the interest of aiding the people of Illinois and the local governments responsible for ensuring public health and safety, I, JB Pritzker, Governor of the State of Illinois, hereby proclaim as follows:

**Section 1.** Pursuant to the provisions of Section 7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7, I find that a disaster exists within the State of Illinois and specifically declare all counties in the State of Illinois as a disaster area.

**Section 2.** The Illinois Department of Public Health and the Illinois Emergency Management Agency are directed to coordinate with each other with respect to planning for and responding to the present public health emergency.

**Section 3.** The Illinois Department of Public Health is further directed to cooperate with the Governor, other State agencies and local authorities, including local public health authorities, in the development of strategies and plans to protect the public health in connection with the present public health emergency.

**Section 4.** The Illinois Emergency Management Agency is directed to implement the State Emergency Operations Plan to coordinate State resources to support local governments in disaster response and recovery operations.

**Section 5.** To aid with emergency purchases necessary for response and other emergency powers as authorized by the Illinois Emergency Management Agency Act, the provisions of the Illinois Procurement Code that would in any way prevent, hinder or delay necessary action in coping with the disaster are suspended to the extent they are not required by federal law. If necessary, and in accordance with Section 7(1) of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7(1), the Governor may take appropriate executive action to suspend additional statutes, orders, rules, and regulations.

**Section 6.** Pursuant to Section 7(3) of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7(3), this proclamation activates the Governor's authority, as necessary, to transfer the direction, personnel or functions of State departments and agencies or units thereof for the purpose of performing or facilitating emergency response programs.

**Section 7.** The Illinois Department of Public Health, Illinois Department of Insurance and the Illinois Department of Healthcare and Family Services are directed to recommend, and, as appropriate, take necessary actions to ensure consumers do not face financial barriers in accessing diagnostic testing and treatment services for COVID-19.

**Section 8.** The Illinois State Board of Education is directed to recommend, and, as appropriate, take necessary actions to address chronic absenteeism due to transmission of COVID-19 and to alleviate any barriers to the use of e-learning during the effect of this proclamation that exist in the Illinois School Code, 105 ILCS 5/1-1 et. seq.

**Section 9.** Pursuant to Section 7(14) of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7(14), increases in the selling price of goods or services, including medical supplies, protective equipment, medications and other commodities intended to assist in the prevention of or treatment and recovery of COVID-19, shall be prohibited in the State of Illinois while this proclamation is in effect:

**Section 10.** This proclamation can facilitate a request for Federal emergency and/or disaster assistance if a complete and comprehensive assessment of damage indicates that effective recovery is beyond the capabilities of the State and affected local governments.

**Section 11.** This proclamation shall be effective immediately and remain in effect for 30 days.

Issued by the Governor March 9, 2020  
Filed by the Secretary of State March 9, 2020
